Interview Sumi	mary, PTO-413		

U. S. Patent and Trademark Office PTO-326 (Rev. 9-97)

Application/Control Number: 09/780,379

Art Unit: 1772

Applicant's election without traverse of Group I in Paper No. 14 is acknowledged.
 The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that

form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

2.

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1 and 10 are rejected under 35 U.S.C. 102(b) as being anticipated by either Jury or Thomas.

Both references teach a metal body with an adhesive surface wherein an acute wedge shaped edge is formed (i.e. dove-tail type connection) as shown in applicants Fig. 1, element 46. Refer to Fig. 4 in Thomas. Refer to Figures 1, 5, 7, 9 and 11(a) in Jury.

4. Claims 1, 2, 3, 4, 5, 6 and 10 are rejected under 35 U.S.C. 102(b) as being anticipated by Newhouse et al.

Newhouse et al teaches a metal body (16, 24 or 56), which has a wedge shaped under cut at either location (26 of the tapered throat) or dovetail (54 or the inner edge of dovetail 77). The dovetails slots 77 and 88 can be considered and grooves for instant claim 6. The body has a threaded hole (68), which would inherently receive a threaded stud type device even though not specifically disclosed for claims 2, 3, 4, and 5. Refer to Figures 1, 2 and 3.

Application/Control Number: 09/780,379

Art Unit: 1772

5. Claims 7 and 8 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The references to Aidan and Thompson are cited to show dovetail type connections among elements.

6. Any inquiry concerning this communication should be directed to Examiner D.

Loney at telephone number (703) 308-2416.
